Mitutoyo is a partner who understands what your business does and what it needs - Keeping your business and your operations running smoothly today and tomorrow.

Mitutoyo OEM Products

Advantages of using Mitutoyo in your products:

- **The Right Parts, Faster** - Quicker response for faster production
- **The Right Fit** - Retain confidence in quality and reliability
- **Excellent Support** - Offered worldwide and in local languages for most countries
- **Value & Lifespan** - Mitutoyo's OEM devices deliver optimal performance, long lasting quality, and comes with a manufacturer's warranty
- **Return on Investment** - Designed to fit to factory specifications, these devices perform as expected every step of the way
- **Customer Satisfaction** - Our specialists understand what your business does and what it needs to accomplish that
- **Reduce Costs** - Outsource the production of components rather than invest in resources needed to produce them yourself

Coordinate Measuring Machines	Vision Measuring Systems	Form Measurement	Optical Measuring
			
Sensor Systems	Test Equipment and Seismometers	Digital Scale and DRO Systems	Small Tool Instruments and Data Management
			

Whatever your challenges are, Mitutoyo supports you from start to finish.

Mitutoyo is not only a manufacturer of top-quality measuring products but one that also offers qualified support for the lifetime of the equipment backed up by comprehensive services, ensuring your staff can make the very best use of the investment.

Apart from the basics of calibration and repair, Mitutoyo offers product and metrology training, as well as IT support for the sophisticated software used in modern measuring technology. We can also design, build, test, and deliver bespoke measuring solutions and even, if deemed cost-effective, take your critical measurement challenges in-house on a sub-contract basis
